DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Kolker (US 4,121,305).

Kolker discloses a women's undergarment with a generally triangular shaped front panel (11) with a tapered crotch region (at 12) and a wider upper frontal portion 9 (at 13) with a strap (14) attached at each apex and with the tapered crotch at 12 having a strap 18 attached at a lower apex of the front panel with the straps converging 914,18_ at a point near the posterior for the wearer. The straps connect at "about" 120 degrees as broadly claimed. The garment fits the wearer as broadly claimed. (See Kolker, figures 1 and 2 and col. 2, lines 34-41).

Response to Arguments

Applicant's arguments filed 11-14-05 have been fully considered but they are not persuasive. The bottom triangular portion is a truncated triangle as broadly claimed and includes an apex that is truncated. The wedge shaped panel is structured for wear as claimed. Such wear and fit depends on the size of the wearer. Applicant s arguing more than what has been claimed. The "loop" argued by applicant is a connection or

attachment point that is adjustable to "about 120 degrees". Applicant should claim the specific connector and its shape that connects the components at the rear.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
